IRISH NATIONAL CHIROPRACTIC CONFERENCE

DR. ROB SINNOTT

Dr. Rob Sinnott is a noted Chiropractic speaker in the areas of Chiropractic philosophy, neurology, and clinical practice and has authored numerous works in those areas. He serves on the board of the Council on Chiropractic Philosophy of the International Chiropractors Association. He published the Green Books on CD-ROM in 1997 and since that time, this significant effort has become an acclaimed resource for the Chiropractic profession around the world.

He graduated with Research Honors from the Palmer College of Chiropractic and in the following thirty-three years has received many honors and awards for his efforts on behalf of the profession. Dr. Sinnott has earned the Legion of Chiropractic Philosophers degree in 2000, received his Diplomate in Chiropractic Philosophical Standards (DPhCS) in 2005 and became the first Fellow of the Philosophy of Chiropractic (FPhC) in 2010. He has been designing, teaching, and hosting the DPhCS program for the past 24 years. He has authored two books, Sinnott's Textbook of Chiropractic Philosophy and Textbook of Human Adaptability.

With his wife, Gail, he maintains a private practice in Frankfort, IL.

DR. MIKE MARINUS

Mike Marinus qualified with an M.Tech in Chiropractic from University of Johannesburg, South Africa in 2005 and went on to become a founder member of the South African Paediatric Chiropractic Association. He completed his Master's degree in Paediatric Musculoskeletal Health in 2019 from Bournemouth University followed by a relocation to the UK in late 2020. He was inducted as a Fellow of the Royal College of Chiropractors in May 2021 and currently holds the position of Chairman of the Royal College of Chiropractors Pregnancy and Paediatrics Faculty. Mike wrote and currently teaches the Paediatric Chiropractic certification through University of Johannesburg in South Africa as well as being part of Logan Universities teaching staff for the Masters in Integrative Pediatrics Degree in the USA. Mike hosts "2 Paed Chiro's" podcast alongside Australian Chiropractor and researcher Dr Christian Fludder DC. In 2019 Mike founded The Pediatric Network, an online community for all professionals working with children. In 2022 he launched the Connected Paediatrics for Chiropractors platform which offers ongoing support to chiropractors working with paediatric patients. He has published scientific works regarding Plagiocephaly, manual therapy for excessively crying infants as well as chiropractic interventions in developmental delay.

DR. MONIQUE ANDREWS

Dr Monique Andrews is a teacher and scholar in Embodied Neuroscience who leads seminars and workshops around the world. As a long time student of chiropractic, western neuroscience and eastern somatic practices, she presents from a principled perspective, blending modern tools with ancient wisdom.

Drawing on years of intensive study and teaching, she has become an expert in embodied somatic practices and is an international award-winning speaker in the areas of Chiropractic neuroscience, Polyvagal theory and nervous system regulation.

She is co-founder of two mindful companies created to ease the path for others. Through her work with cope and The PRANA Foundation she is a powerful guide and mentor for those drawn to evolving their own wisdom. Dr Mo's vision is to elevate the consciousness of humanity.
